Anthony Cahill counsels leading private equity funds through equity investments, debt financings and investment exits. He also advises technology companies across a broad range of industries (including software, alternative payment systems, e-commerce, internet-of-things, healthcare and life sciences) in the areas of early-stage formation and strategy, commercial transactions, venture capital financings, mergers and acquisitions, divestitures and other general corporate matters.

Prior to joining Choate, Mr. Cahill served as Counsel for Telerik Inc., where he advised on all legal aspects of the company's business, including counseling the company in its \$263 million sale. Prior to the sale, he led the company's outbound software licensing program and collaborated with the sales, engineering and business development teams to draft and negotiate complex technology licenses (on-premise, SaaS and OEM).
