Brian Reese to Present Introduction to Intellectual Property at UMaine Research to Real World Training Series

Brian Reese will present an Introduction to Intellectual Property at the University of Maine's Research to Real World Training Series hosted by the Foster Center for Innovation on November 13, 2025.

The Introduction to Intellectual Property workshop, which begins at 12:00 PM EST, will explore the fundamentals of intellectual property, including patents, trademarks, and copyrights, and guide participants through understanding, evaluating, and protecting the value of their innovations.
