# Choate Named a 2025 Top Patent Firm by Juristat

Choate has been named a 2025 “Top Patent Firm” by Juristat, a leading patent analytics platform. The firm earned recognition in the following areas: Normalized Allowance Rate, Normalized Time to Allowance, and Time to Response After Office Action (“OA”).

Juristat’s “Top Patent Firms” rankings is comprised of firms that filed or disposed of more than 100 applications during a twelve-month period. To adjust for the USPTO’s 18-month publication delay, the analysis uses an earlier timeframe to ensure accuracy and completeness. The rankings are based on observed USPTO prosecution outcomes using the [methodology](#) described on the Juristat website.

Choate’s rankings reflect more than four decades of serving as strategic, trusted intellectual property counsel to leading pharmaceutical, biotech, and technology companies, as well as investors, supporting them through every stage of growth from startup to maturity. Our integrated team of IP attorneys, patent agents, and scientists – including more than 45 with PhDs and other advanced degrees from top institutions – brings deep expertise across a wide range of technologies. Clients benefit from a uniquely partner-led approach, genuine teamwork, and an entrepreneurial culture that together help build successful businesses and transform breakthrough science and technologies into highly valuable assets.
