Choate Represents M|C Partners and Zentro Internet in Equity Recapitalization Led by Greystar Infrastructure

Choate represented Zentro Internet and M|C Partners in connection with the equity recapitalization of Zentro led by Greystar Infrastructure, with participation from StepStone Group and other global institutional capital partners. Zentro is the largest private, multifamily-focused internet service provider in the United States, serving customers living in more than 120,000 apartment units in more than 20 cities. The deal will support Zentro's balance sheet and its strategic plans, including future organic and M&A growth initiatives. M|C Partners will maintain a strategic position in Zentro's ownership.
