Choate Represents Medical Technology Solutions, a Silversmith Capital Partners Portfolio Company, in its Acquisition of Avarion

Choate represented Medical Technology Solutions (MTS), a leading provider of managed healthcare IT services and portfolio company of Silversmith Capital Partners, in its acquisition of Avarion, a healthcare IT advisory and consulting firm focused on helping hospitals and health systems align technology with clinical, operational, and financial performance. The acquisition accelerates MTS' growth as a managed service provider supporting the full continuum of care, from ambulatory and community-based care settings to complex acute care environments, and will further position MTS to help healthcare providers competitively navigate increasing regulatory complexity, workforce strain, and technology-driven change across the enterprise.
