Deal Team: [Mark DeFeo](#), [Andrew Norkiewicz](#), [Silvia Faria](#), [Doug Maccaferri](#), [Alison Reif](#), [Nick Calabraro](#), [Elizabeth Powers](#), [Sara Frank](#), [David Mollo-Christensen](#), [Ankoor Desai](#), John Chambers

Choate represented Raintree, the leading electronic health record and practice management platform for rehabilitation and physical therapy organizations, in its acquisition of Spike Technologies. Spike is a developer of genuinely agentic AI voice technology for healthcare. The acquisition embeds AI voice directly into Raintree's platform to take on the most tedious, manually intensive work in revenue cycle and patient engagement.
