CHOATE'S IP INSIGHTS PODCAST | 02.27.2023

Key Considerations in Identifying PTAB-Specific Expert Witnesses

In this episode of our intellectual property insights podcast series, we discuss best practices for identifying and retaining expert witnesses for use in proceedings before the PTAB. Choate attorneys, Bryana McGillycuddy and Dr. Mandeep Kaur, are joined by Drew Winship, CEO and co-founder of Juristat, a patent analytics and work flow automation provider. They discuss key considerations in finding and vetting experts who will testify in PTAB and IPR proceedings – as opposed to testifying in court.
