Mandeep Kaur Speaking at IPWatchdog Webinar on AI for DNA & RNA Patent Preparation

Mandeep Kaur will be speaking at the IPWatchdog webinar, "AI for DNA & RNA Patent Preparation – From Sequence Data to Draft-Ready Applications," sponsored by Ankar AI, on Thursday, July 30, 2026, at 12:00 PM ET.

The webinar will examine practical applications of AI in handling DNA and RNA sequence data, including sequence extraction, homology analysis, motif identification, and consistency checking. The discussion will explore where AI can accelerate patent preparation and review processes while preserving practitioner oversight and control.
