Mark McPherson Speaking on Medical Device Regulations at the 2025 Pharmaceutical and Medical Device Ethics and Compliance Congress

Mark McPherson will be speaking on the panel, "Update on Medical Device Investigations and Prosecutions" at the Pharmaceutical and Medical Device Ethics and Compliance Congress on Wednesday, October 22, 2025.

The panel will take place at 12:20 p.m. and will examine current enforcement trends affecting medical device manufacturers, look at upcoming regulatory trends, and explore approaches for adapting to changing regulatory requirements and creating compliance frameworks that will meet industry standards.

Please visit the [online agenda](#) for more information about the Compliance Congress or to register.
