Mark Silva Speaking at SFNet 2025 Asset-Based Capital Conference

Mark Silva will be speaking on the panel "Lender on Lender Violence Turns Up the Heat," at the Secured Finance Network (SFNet) Asset-Based Capital Conference on February 11-12, 2025.

The panel will discuss the rising trend of "liability management" transactions, which sees companies try to manage financial challenges by setting their lenders against each other and leveraging credit agreement provisions. For more information about the panel and the event overall, please click here.

Mark D. Silva
Co-Head of Asset Based Lending
