Sean Small to Speak at IBA Young Lawyers Private Equity Forum

Sean Small will speak at the International Bar Association's Young Lawyers Private Equity Forum 2026 on Tuesday, November 10, 2026, at The Savoy in London. He will take part in the opening roundtable, "Recent Investment Terms," from 11:35 a.m. to 1:00 p.m., alongside private equity lawyers from around the world.

The session will focus on three issues shaping today's private equity market: the rise of preferred equity as an alternative to secondary buyouts; the negotiation and enforcement of exit provisions in shareholder agreements; and market trends and dispute handling in completion accounts versus locked box deals.
