

Deron J. Egerman

CHIEF INFORMATION OFFICER

617-248-4880

degerman@choate.com

As the Firm's Chief Information Officer, Deron Egerman leads all aspects of information technology, knowledge management, litigation support and information security efforts. He joined the firm in 2016 after holding several key positions at Akin Gump Strauss Hauer & Feld LLP, where he helped modernize the firm's global information technology platform and built a world-class operations team.

His experience in information technology spans more than 20 years and includes global infrastructure, risk management, service delivery, information management, program governance and information security.

Deron is a graduate of American University and an active member of various information security and CIO networks.
